Dear Parents, Carers and Community Members,

Term 2 is almost over and there are still lots of wonderful things happening at Weston PS. This week we have students involved in the following activities:

**Tuesday** - Netball Gala Day at Charlestown with Mrs Hansen and Miss Rutter

**Wednesday** - Basketball Gala Day at Cessnock, Yr 6 Transition Vist to Kurri Kurri High School

**Friday** - KH and K/1B Tocal Excursion, 4/5F and 6H performing at the K-6 Assembly

We wish the students all the best for their participation in these activities this week.

**Athletics Carnival**

Students had a fantastic day at our Annual Athletics Carnival on Friday last week. Thank you Mrs Bartlett, Miss Brown, Miss Campbell, Mrs Dickson and Mr Withers for your wonderful organisation of the day.

**Semester 1 Reports**

All students K-6 will bring home their Semester 1 Reports on Wednesday of next week. Three-way conferences will be held early next term for parents/carers to have the opportunity to speak with class teachers about their child’s progress and application.

Thank you for your ongoing support of our school.

Mrs R. Callinan
Principal

**Quote for the Week**

Give a man a fish and you feed him for a day; teach a man to fish and you feed him for a lifetime. ~ Proverb ~
**PBL Corner**

At WPS staff, students and community are Safe, Respectful and Responsible. These students are the PBL award winners for Week 8.

---

**Voluntary Contributions**

Voluntary contributions for the year are as follows:

- $20 per child
- 3 children or more $50.

These can also be paid in instalments—eg: $5 per Term, $10 per semester.

---

**Student Banking**

Student’s no longer need to collect tokens for prizes for Student Banking, the Commonwealth Bank will now do this automatically.

---

**P & C News**

**P & C Meeting**

Our next P & C meeting will be held on Monday 11th August, 2014, in the staffroom at 7pm. All are welcome.

**Pie Drive**

Pie Drive orders will be back this Friday (June 20) and can be collected from the hall between 9.30—10.30 am.

*Mandy Johnson - P & C Secretary*

---

**PARENTS, GRANDPARENTS, CARERS**

Come along to a free EAT MOVE LIVE Parent workshop

**BRING A FRIEND ©**

- Kids serving sizes
- Diet, Concentration & Behaviour
- Eat, family activities
- Your questions answered

Kee-Nara Schools at Communities Centre
Cosmo Public School  27th June  9.45am  Phone:49909354

FREE Child Care will be available but bookings are essential

**Speaker: Val Watson - Nutritionist**

over 25 years experience in preventative health and nutrition

Simple, healthy, cheap ideas for kids and family meals and snacks plus easy, fun ways for kids and parents to be active

- Free Fun Nutrition Placemats for every family
- Free Family bags packed with goodies to help your family EAT MOVE and LIVE healthier ©

**www.facebook.com/eatmoveliveaustralia**

---

**Bulletin**

If you would like to receive the bulletin by email please email the school at: weston-p.school@det.nsw.edu.au and place your child's name and Bulletin as the subject.
6H went on a university day out. We did art, a science experiment, and had a very long walk to get to the many places we had to go on the campus.

Deacon & Kaylee

In 6H we have been working on states of matter. We did an experiment where we got white and milk chocolate, gloves, and let both of the chocolates sit in a bowl in the morning next to the window. Then we put on the gloves then put one piece of each chocolate. Then we let it melt. We found that the milk chocolate melted first.

Kaylee & Deacon

In the aftemoons we have the iPads and usually we do some research but sometimes we play games. Mrs Harris says they are educational.

Jake Holmes

In Health we have been doing Drug Education and we found that when alcohol is advertised the music is upbeat, the people are famous and pretty, the places are places that look good and you want to go to. The message is often that if you drink this product you will have fun.

Jack

Science Experiments
In Science we are looking at the properties of matter and how they can change. A week ago we conducted an experiment. We put ice cream into a plastic cup and added some M&Ms and froze it. Patrick added jelly beans. We had made a heterogeneous mixture.

Jake K & Patrick

At Weston school we had a great time. There were some laughs and some people did some cool dancing. There were some pretty cool p-j’s like onesie and more.

Matthew & Ty

In The Classroom The school went to the disco and the theme was pyjamas and we all had fun but before we went to the disco 6H went to Newcastle University and we saw some of our friends from other schools like Kurri Kurri PS and Pelaw Main PS. We saw a science experiment involving liquid nitrogen. We went to an area where we were in a drawing class and the people explained what we had to draw and we had fun.
GROUP TRIPLE P

SEVEN WEEK PROGRAM
Every Thursday from 31st July to Thursday 11th September 2014

Time: 10.00 am - 12.30 pm
AT
5 Hall Street
Cessnock

Bookings are essential

For more information please phone

“Cannot recommend this program enough. It has probably added years to my life expectancy but probably more importantly it has added immeasurably to my quality of life and my family’s.” – previous participant.

How will you and your children benefit?

✓ Spend quality time in fun physical activities with their kids that lead to optimal physical, mental, and socio-emotional health
✓ Shed kilos without giving up the things they love
✓ Learn how to transform the dinner table from warzone to peace train
✓ Get active, fitter and healthier with their kids
✓ Receive the latest information on physical activity and nutrition

Road safety tips for parents

Road safety around your child’s school
Your child’s safety depends on you

Drop off and pick up by car
Make sure your children are in an appropriate child car seat that is fitted and used correctly.
Stick to the 40 km/h speed limit in a school zone as children are about.
Look for buses pulling out – watch for flashing zig zag lights.
Always park and turn legally around schools.
Avoid dangerous manoeuvres such as U-turns and three-point turns.
Always give way to pedestrians particularly when entering and leaving driveways.

Drop your children off and pick them up on the school side of the road in your school’s designated drop off and pick up area. Calling out to them from across the road is dangerous – they may run to you without checking for traffic.

It’s safest for children to get out of the car on the kerb side of the road to be away from passing traffic.

Walking together to and from school
Plan your trip to school so you use pedestrian crossings where possible.
Always hold your child’s hand. Children need your help to spot dangers such as vehicles coming out of driveways. They can also be easily distracted and wander into traffic.

Drop off and pick up your child near the school gate and avoid calling them from across the road.

Talk with your children about Stop, Look, Listen and Think every time they cross the road.

STOP one step back from the kerb.

LOOK for traffic to your right and left and right again.
LISTEN for the sounds of approaching traffic.
THINK whether it is safe to cross.

Young children can learn these safe pedestrian habits from you and continue them later on when they are old enough to travel alone.

Did you know your child is learning about road safety at school?
Key points to remember around schools

1. **In and out of the car**

   - Ensure your children always get in and out of the car through the ‘safety door’. This is the near kerb side of the car.
   - Never allow children to get out of the car on the traffic side.
   - When possible, children should remain in the car until an adult opens the ‘safety door’. This helps ensure that children get out of the car safely.
   - Children aged between four and seven years cannot travel in the front seat of a vehicle with two or more rows, unless all other back seats are occupied by children younger than seven years in a child seat.
   - A child that is properly secured in an approved child car seat is less likely to be killed or injured in a car crash than one who is not.
   - NEVER leave a child of any age in a vehicle without supervision. A small child may rapidly suffer from dehydration, heat exhaustion and consequent organ failure. Older children could play games that may lead to danger.

2. **Driving near school buses**

   - There is a 40km/h speed limit for traffic passing a school bus that is setting down or picking up school children.
   - This speed limit is for all traffic travelling in the same direction as the bus, whether the bus is stationary or moving.
   - The 40km/h speed limit must be obeyed when the rear red stop lights are flashing.
   - Flashing headlights on these buses also alert oncoming motorists that children are close by.
   - As a driver, remember: When the lights on the bus are flashing, you must slow down to 40km/h.
   - Never park in or near a bus stop or bus zone.
   - For information about fines and demerit points, visit roadsafety.transport.nsw.gov.au

3. **On and off the bus safely**

   - Your child is most at risk in the minutes after getting off the bus. You can reduce this risk: Meet your child for another trusted adult to meet your child AT the bus stop, NEVER on the opposite side of the road.
   - Wait until the bus has been driven away before choosing the safest place to cross the road, then follow the usual road crossing procedures with your child.
   - STOP! One step back from the kerb.
   - LOOK! For traffic to your right, left and right again.
   - LISTEN! For the sounds of approaching traffic.
   - THINK! Whether it is safe to cross.
   - Teach your children to keep turning their head in both directions to look and listen for traffic as they cross the road.
   - While waiting at the bus stop, stand well away from the passing traffic. Never wait right at the kerb.
   - Remind your children that when a bus is fitted with seatbelts, they must buckle up.
   - Until they turn ten, hold hands with your child as you cross the road.

Key points to remember around schools

4 Hold your child’s hand
As pedestrians, children can be easily distracted and are often too small to be seen by drivers. They may be unable to predict or identify dangers and tend to act impulsively.
Talk with your child about safe behaviour on the footpath — it is not a safe place to play. Include discussion on the dangers of vehicles that may be entering or exiting driveways.
Until your child is at least eight years old, hold their hand:
• on the footpath,
• in the car park,
• when crossing the road.
Up until at least 10 years old, supervise your child very closely, holding their hand when crossing the road.
If you cannot be with your child, organise for another trusted adult to accompany them.
After school, meet your child at the school gate. At the end of the school day children may be excited, distracted and tired and may not concentrate on road safety.

5 Helmet and safety on wheels
Your child must wear a helmet when riding a bike in any public place — it’s the law. Your child’s helmet must comply with the Australian and New Zealand Standards. It must be securely fitted and fastened on their head.
Check that your child wears a bicycle helmet whenever playing or riding on wheels — bikes, roller skates, skateboards or rollerblades. The helmet should be securely buckled so it fits without wobbling or slipping to the sides. It must protect the forehead. Although children quickly learn to pedal, steer and brake, they are not ready to cycle near traffic or on the road.
Children under 12 and adult riders accompanying and supervising them may ride on the footpath, unless there are signs specifically prohibiting cycling.
When riding on the footpath, cyclists must keep to the left and give way to pedestrians. Children need to take special care at driveways where vehicles may be driving in or out. At intersections, children must dismount and wheel the bicycle across the road as a pedestrian, following the STOP! LOOK! LISTEN! THINK! procedure.

6 Driving and parking safely near the school
School opening and closing hours are busy times for pedestrians and vehicular traffic outside the school. Always take extra care in 40km/h school zones, which operate on gazetted school days.
Park safely even if it means walking further to the school gate.
Observe all parking signs. They are planned with children’s safety in mind.
NEVER double park as it puts children at risk.
Model safe and considerate behaviour for your child — they will learn from you.

Slow down near the school crossing.
At a supervised crossing, observe the directions of the school crossing supervisor.
Always park and turn legally around the school.
Avoid dangerous manoeuvres such as U-turns and three-point turns.
Always give way to pedestrians particularly when entering and leaving driveways.
Avoid parking across the school driveway or the entrance to the school car park.
Using your school’s drop off and pick up facility will help keep all children as safe as possible during the busiest times of the school day.
Avoid parking in or near the school bus bay.

Key points to remember around schools

**7 Safety around school crossings**

Ensure that your child always uses the school crossing as this is the safest point of entry to the school.

Where there is a school crossing supervisor at a school crossing, pedestrians must wait on the footpath, at least one step back from the edge of the road, until the school crossing supervisor indicates that it is safe to cross.

Drivers must not proceed until the crossing supervisor’s hand-held sign is no longer displayed, or until the crossing supervisor indicates that the motorist may proceed through the crossing.

At an unsupervised children’s crossing when ‘CHILDREN CROSSING’ flags are displayed, drivers must stop at the white line if pedestrians are waiting to cross at the crossing. Drivers must remain stationary until the crossing is completely clear of pedestrians.

Drivers need to know that a children’s crossing is a part-time crossing that operates before and after school hours, and at times when children are using the crossing, such as for excursions or during lunchtimes.

**8 40km/h school zones**

The 40km/h school zone slows traffic in the vicinity of the school.

Most 40km/h school zones operate between 8am and 9.30am and from 2.30pm till 4pm. The 40km/h school zone speed limit must be observed even if school children cannot be seen.

A 40km/h school zone operates on all gazetted school days including staff development days (pupil free days).

While some schools may operate on different term dates, school zone speed limits MUST be adhered to during NSW Government determined school terms.

Gazetted school term dates for 2014 and 2015 are listed below. These can be found at roadsafety.transport.nsw.gov.au website and the websites of the NSW Board of Studies, Teaching and Educational Standards and the NSW Department of Education and Communities.

**Dragon’s teeth road markings**

To increase motorists’ awareness of 40km/h school zones, triangular dragon’s teeth road markings indicate that the vehicle is entering a school zone.
